June 2020

Community Reminders

NO PARKING AREAS

It is important no more than ever that residents obey the parking rules.

There is NO PARKING in front of driveways. Parking in NO PARKING areas blocks vital Emergency Vehicles and may cause delay in reaching a resident in need.

Do not park in NO PARKING areas. Thank you for your anticipated cooperation.

BASKETBALL NETS

Freestanding basketball nets are not permitted to be left out in the street. They can cause harm and damage in windy weather or if they tip.

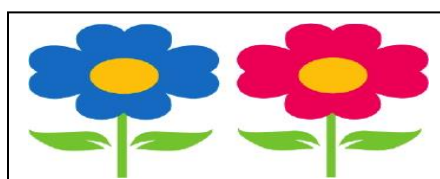

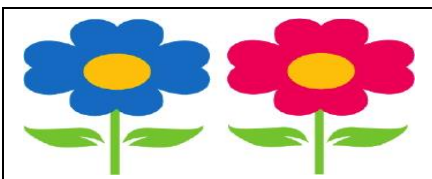

Please remove your basketball net when you are done playing. Thank you for your anticipated cooperation.

CARDBOARD RECYCLING

Please remember to breakdown your cardboard boxes before you discard them into the dumpster.

TRASH CANS

Please remove your trash cans from the street promptly after collection.

Air Conditioner Maintenance

Now is a good time to check your air conditioner to make sure it will be running well for the summer season. Change your filter and have yearly maintenance done to avoid problems during the warmer weather.
